ESOTERIC ASTROLOGY AS NEWS FOR WEEK AUGUST 2 – 8, 2023 THE RISING OF SIRIUS & THE LIGHT OF LEO

AUGUST 2 – 8, 2023
THE RISING OF SIRIUS & THE LIGHT OF LEO
In ancient Egypt the annual flooding of the Nile occurred as Sirius, the blue-white star left of Orion, became visible in the skies just before sunrise. This is called the "helicacal" (Greek, near the Sun; Helios mean "sun") rising of Sirius, a flashing forth of the Light of Sirius at pre-dawn before the Sun appears. Rising before the Sun and over the dome of the sky, Sirius rising & the Nile's floodwaters (helping grow foods for the year) appeared simultaneously.

The Pyramids (Temples of Initiation) were built to align with Sirius. A sculpture of Isis, aligned with the rising of Sirius, stood in the Egyptian temples. On her forehead a jewel was placed. As Sirius flashed forth in the pre-dawn sky, its light touched the jewel of Isis and it began to sparkle and glow. Soon the Nile would overflow. And the Egyptian new year began.

The days (helical rising, Sun and Sirius align) of Sirius (July 26 – August, specifically August 8th) are called the Dog days (Sirius is located in the system Canis Major, Great Dog) of summer (hottest days in northern latitudes). Recently, August 8th has also been called the Lion's Gate, when Sun, Sirius and Orion align. Potent light floods the Earth, a new light that cannot be extinguished.

Sirius, the star of freedom, was behind the founding of the United States. Sirius thus oversees the evolution of the U.S. and its people. Sirius is where love originates, a love that flows through Leo, through the star Regulus (star of the Magician, Magi, Maga), into the heart of the Sun and the hearts of humanity. We are told when we make contact with Sirius, a divine love is released. Christ, the World Teacher, who anchored love on Earth for the first time is from Sirius Llono com-

oleting our Earth (a mystery school for Initia-ions), journey, seven cosmic paths appear for us o choose from. One is the Path to Sirius (Path of

tions), journey, seven cosmic paths appear for us to choose from. One is the Path to Sirius (Path of Electric Fire).

Sirius is a binary (two stars) star. Some say it is three stars. In Mali, West Africa, the Dogon tribe has known of Sirius A and its companion star Sirius B (Po Tolo, Seed of Creation). The Dogon's source of information was the Nommo, amphibious beings from Sirius. Sirius B makes Sirius A glow and sparkle. Night Light News (our website), is named after Sirius B.
